UNLIKELY DANGER underwent a post-race veterinary examination which revealed no abnormalities. The Stewards deemed this performance unsatisfactory when the greyhound which was racing at the front of the field lost ground significantly, approaching the first turn without interference and finished last. UNLIKELY DANGER must complete a satisfactory trial before racing again. Trainer A Clark subsequent to the race meeting reported that this greyhound had a veterinary examination which revealed an elevated temperature. He had blood tests taken and will advise the results when they are analyzed.
